

**jadedResearcher**

sweet glad you made it when you get a chance if you could add the #bread-crumbs and #possible-connections we were talking about on gamefaqs thatd be huge

i feel like we're on the verge of a break thru!!!

SmeargleUsedHex

Hi! Sorry for the late response, I've had a busy day. Sure, I'll get right on it when I have a minute.

**I SING THE TRUTH** arrived

SmeargleUsedHex

Hey, glad to have another newcomer. Welcome!

**jadedResearcher**

yesssss!

**I SING THE TRUTH**

Bruh I am so confused rn

**jadedResearcher**

i know, it can be A Lot

but you were implying you've played Zampanio right? or at least seen it played?

thats huge

you don't gotta help us red string

actually you know what let me make a new channel

#testimonies

just anything you can tell us about what you know there would be hella helpful, even if you aren't bit by the red string bug

SmeargleUsedHex

Oh? What's this about?

**jadedResearcher**

we might have a Lead!

**TunnelGhost** arrived

**jadedResearcher**

yesss

@SmeargleUsedHex hex, hex, tg here was telling me they think they found a crack/fan work of zampanio on roblox of all places???

**TunnelGhost**

yeah, that's about right. give me a minute to get my bearings. is there a particular channel where it's proper for me to give my piece regarding Zampanio?

**jadedResearcher**

yessss #testimonies is great for first hand accounts #bread-crumbs is good for listing any facts you have about Zampanio #possible-connections is where we try to connect the dots #probably-bullshit is where we put the dumb rumors about Zampanio that probably arent real

**jadedResearcher**

bam

**TunnelGhost**

guess i'll get started in testimonies then. thanks for reaching out to me!

lionfish1212 arrived

**jadedResearcher**

Yesss, looks like my forum post is working!

welcome!

lionfish1212

HI HI HI sorry i dont know how to use this thing im used to forums XD

there's not even a personalized siggy!!

SmeargleUsedHex

Hi!

**jadedResearcher**

yeah discord is an entire thing, you get used to it tho

so instead of forum threads theres channels?

#testimonies for example is where to write if youve played Zampanio or seen someone play it or something

and # bread-crumbs is more for 'i heard that zampanio is like" stuff?

and if you just wanna talk we have general

obvs its all realtime compared to a forum

lionfish1212

that's cool!!!!

**jadedResearcher**

yesss

im hoping i can find a copy of it myself

barring that im collecting as much info on it as i can

lionfish1212

i love zampanio it's so exciting to find other people who played it

**jadedResearcher**

gasp

youve played!

lionfish1212

YEAH!!!! it's my favorite game

**jadedResearcher**

pleeeeeeease write about it in testimonies ?

SmeargleUsedHex

Well, that's interesting.

**jadedResearcher**

is it as personalized as they say?

were their glitches?

lionfish1212

to be totally honest i mostly like it because nostalgia o.o

**jadedResearcher**

do you have a way to send it to anyone?

lionfish1212

i played it when i was younger from a cd i found in my house but i dont know where it is anymore

**arcaneArchivist** arrived

lionfish1212

and i got a new computer so its not downloaded D:

**jadedResearcher**

ooo even more ppl, welcome!

but yes please tell us about it in testimonies

**arcaneArchivist**

**crimsonDestroyer** arrived

lionfish1212

**jadedResearcher**

Zampanio just isnt getting a lot of focus these days

CD do you have a testimony?

SmeargleUsedHex

Yeah, it's a shame.

**jadedResearcher**

well we are single handily gonna revive it

one way or another

the fan game im making of it'll hopefully help

lionfish1212

i was a zampanio kid too!!!

it was soooooooooo much fun

SmeargleUsedHex

I can see there's gonna be a lot of new info to sift through.

**jadedResearcher**

yessss

testimonies is gonna get even more love

SmeargleUsedHex

Looking forward to it!

lionfish1212

**IronicOrnithologist**

Hey

Are we talking about my best buddy?

attendantWatcher

I got this link from a friend, to be honest! I am not the type to dig around half-dead forums anymore, sorry, and I probably wouldn't have gotten into Zampanio in the first place if it wasn't for a) said friend and b) my interest in whatever the hell it is doing when it comes to self-customisation.

**IronicOrnithologist**

@attendantWatcher I think we have the same friend!

attendantWatcher

I think it's not impossible.

**Krysal Tepsyr** arrived

**jadedResearcher**

that one yup

you must have come in from that forum post from earlier?

**Flippet**

Z looks less and less like a letter the more you look at it. Yeah.

**jadedResearcher**

we've got lurkers, we got ppl writing #testimonies about playing the game or like, someone they know who played it, fans are talking in #zampanio-fandom and a bunch of us are looking for the game in general in #bread-crumbs

**Flippet**

appreciate it. always love a good game of Zippity Zoop.

[IronicOrnithologist](#)

Are you a donaldist?

**Flippet**

[many gifs]

**jadedResearcher**

what the hell are threads

ducks can't post in the channel but apparently threads don't count?

well...i guess this doesn't violate the "don't spam n airport "

so

have at it i guess

you know what in retrospect it was a pun

cuz ducks and planes don't get along, cause crashes

**I SING THE TRUTH**

lol

**IronicOrnithologist**

Boo

I can't welcome the new people

**jadedResearcher**

do you promise to leave the airport for just that and not for airplane puns/spam?

**IronicOrnithologist**

I won't spam

I can't promise on the puns

**jadedResearcher**

**I SING THE TRUTH**

[end of the thread]

[IronicOrnithologist](#)

**SireKardis** arrived

**jadedResearcher**

**SireKardis**

No I came from a discord server

**jadedResearcher**

**Krysal Tepsyr**

sire, this server is for a game called zampanio we, here, are all fans of this game, and we're trying to figure out what exactly it's all about, as there seems to be no authentic copies of the game left. all weird fan translations or recreations. jr is also attempting to make a simulation of the game.

**jadedResearcher**

lol

worm fans here i see

but yes

**Krysal Tepsyr**

does that help?

**jadedResearcher**

glad to see more traction from my forum links (and apparently they're spreading???)

**I SING THE TRUTH**

Too Many Arachnids is a good summary of like, at least 1/14th of TMA

**SireKardis**

Gotcha

**lionfish1212**

is it a tv show?

i'm probably not allowed to watch it then

**Krysal Tepsyr**

awesome. so if you've possibly had some uh, "experiences" with the game, there's a testimonies channel, or if you've just got some bits and pieces, there's channels for that, or if you just wanna lurk that's chill too.

**jadedResearcher**

#testimonies and #bread-crumbs respectively yup

Krysal Tepsyr

ahh, getting people situated in a server. it's been too long since i've had to do that. at least, in a friendly manner.

**jadedResearcher**

mood

this is nostalgic

Krysal Tepsyr

huh.

not as different as i thought

**jadedResearcher**

???

Krysal Tepsyr

ah sorry. got a little caught up in feels there expected it to feel different

**SireKardis**

It's alright

**Petrichor** arrived

**jadedResearcher**

welcome!

**Petrichor**

Thanks! :>

**jadedResearcher**

if you have any leads on zampanio #bread-crumbs are always welcome, and if you've played it (or know someone who did) #testimonies are especially useful! i'm trying to collect enough info on it to make a fan work of it!

**Blobbin** arrived

**jadedResearcher**

welcome!

**Blobbin**

It's nice to be here. Hopefully I can learn more about zampanio while I'm here.

**Krysal Tepsyr**

welcome

**jadedResearcher**

this is definitely the place, we're collecting as much as we can about it

**Daedalus**

**jadedResearcher**

Welcome!

if you have any questions just let us know, feel free to lurk if thats what you want! but we're hungry for #bread-crumbs and #testimonies about zampanio if you got 'em

**Daedalus**

Hey! I heard about this from a friend and once I got into it, I knew I needed to hop on to get more involved!

I've spent like 12 hours just on character creation alone

**jadedResearcher**

i've heard others say the same! the customization process is intense in some of the versions

anything you can tell us about what yours was like would be amazing

**Daedalus**

So I ended up going with a standard Joriahn creation, but I didn't really realize what I was doing at the time.

In the end I managed to mess around enough to get throwing weapons and alchemy so now I'm going with a bit of an artillery/bomber build

I'm hoping to unlock Vescillation soon

**jadedResearcher**

wait hold up testimonies do it there so i can pin?

Daedalus

Right!

**jadedResearcher**

hell yes!

**Elizabeth** arrived

**Blobbin**

Hello!

**jadedResearcher**

Welcome!

you're free to lurk but if you have any #bread-crumbs or #testimonies about zampanio we are always hungry

**Copper\_Floss** arrived

**jadedResearcher**

welcome!

**Copper\_Floss**

hey!

was worried after the last server popped that I wouldn't be able to find the community again

**jadedResearcher**

were you actually part of that server?

or did you wander into it after the fact

**Copper\_Floss**

caught it right at the end

**jadedResearcher**

you got to talk to some of them, what can you tell me?

**Copper\_Floss**

I mean, whaddya want to know?

**jadedResearcher**

ive just been trying to piece together a narrative from what i could see from the stil public channels

like, did any of them have the game? who was invertedCentaur?

**Copper\_Floss**

Peeps definitely had the game there were two versions mostly- there was the version I remember playing, and another modded one with actual niceish graphics

people pm'd ya if you asked in true zampamio fashion, they refused to actually just pin links to it gotta keep up the 'm y s t e r y' royal pain in the ass no idea about invertedCentaur not ringing any bells, but I mean, I was only around for a bit before the wipe

**jadedResearcher**

skjf

okay well i'll definitely add that to #bread-crumbs , unless you want to?

i had no clue the mystique was manufactured

**Copper\_Floss**

I don't know 50/50 I think there's a lot of weird shit around it, (inevitable for any game like it, tbh) but that inherently attracts people who are into that sort of thing, who then go out of their way to hype it up more I just enjoyed the game, that was like my childhood

**jadedResearcher**

another 'zampamio kid'?

**Copper\_Floss**

ye first time I came across it was in elementary I woulda been what, 7? every so often some kid would come in with a game on a usb and we'd take over the computer lab Savage:TBN, NOX, shit like that

Zampanio was just another one I fucking loved it, bought the usb off the kid, took it home played for months straight until the drive fried, then spent the next 4 years looking for another copy :p

**jadedResearcher**

do you have a copy you could share? or is that what you're hoping for here?

**Copper\_Floss**

I was hoping to find a copy here a quick browse through bread-crumbs has dashed that hope pretty thoroughly

I have a copy on my old pc, but it got cooked, and I do not have the patience to try and pull files off a dead harddrive even if I did, I don't have the know-how If there's someone here that's really invested, I could mail it to them? No promises that there's anything salvageable

**jadedResearcher**

i sure don't know how to get files offa dead harddrive but its good theres an option
